Initiative by Department of Animal Husbandry, Dairying & Fisheries (DAHDF) under the Ministry of Agriculture & Farmers Welfare, Govt. of India and powered by NPC and Indian CST
As a result of the continuous and strenuous efforts made by MoAFW, DAHDF, NeGD, NPC, CSIR 4Pi and Indian CST's teams along with other chosen partners and associates on many fronts, the make in India cloud computing platform is now integrated with UMANG the one India mobile apps platform together this is the first authentic India market place for disease free germplasm in form of 1. semen, 2. Embryos, 3. Calves, 4. Heifers, and 5. Adult Bovines of different agencies / stake holders. With UID enabled login mandatory for sale has been successfully facilitated across India. This is one of the biggest Team India’s joint achievements aimed at doubling farmers income & rural prosperity.

Today the Epashuhaat GPMS Transportal has become the one stop Transportal for bovine breeders, sellers and buyers and is continually growing in size daily with data inputs from sources across India. The tremendous success of the on-going unified efforts is certain to boost Indigenous breed development. Since its the launch on 26th Nov 2016, the enthusiastic participation of all stakeholders at Global, National, State and local levels, both in the public sector and the private sector is very much in evidence. A common farmer in a remote village has been enabled across 29 States, 7 Union Territories, 650 Districts, 2,75,000 Panchayats and 6,46,000 Villages etc., to contact any of the Animal Husbandry, Departments, Institutions / Organizations / Centers and multiple stake holders by accessing this single platform.

**Epashuhaat Services enabled for Farmers on UMANG Mobile Apps**

![Download the UMANG App](https://play.google.com/store/apps/details?id=in.gov.umang.negd.g2c&hl=en_IN)
